Snowmobiles are built to operate within their design limits. For durability, reliability, but most important of all, operator safety, under no circumstances should the recommended capacities identified in the owner's manual be exceeded. Consult your snowmobile dealer when selecting a snowmobile for your particular needs. Always wear the appropriate protective clothing and apparel, including a helmet. Always ride responsibly and within your limitations, respecting the environment as well as country and local laws. The riders in this brochure are professionals; don't attempt to emulate them.

The specifications, measurements and appearance of Yamaha products will be varied from time to time without notice, and as shown here are illustrative only and are not a contractual description of products. Some models are shown with optional accessories. Not all models/colours shown are sold in every country. See your dealer for details.
